Meditation Mount is honored to present three great global thinkers. Dr. Laszlo and Dr. Marx Hubbard will discuss Dr. Laszlo's new book: *WorldShift 2012: Making Green Business, New Politics, and Higher Consciousness Work Together*. Rinaldo Brutoco will provide the focus for and direct the evening.

Rinaldo Brutoco is a futurist and the Founding President of the World Business Academy, a non-profit whose mission is to educate, inspire, and assist business to take responsibility for the planetary whole.

"Humankind is approaching a critical instability – a moment of truth. We can continue without decisive change and face disaster, or we can wake up and begin to transform." Dr. Laszlo's book explains the current state of global emergency and how accelerating global trends are likely to reduce the time for effecting meaningful change. Nothing short of a profound shift in global consciousness can save us. Barbara Marx Hubbard will speak to the potential for this profound change, discussing how "evolutionary convergence" is the appropriate response to the potential tragedies that Ervin outlines. The evening will conclude with a question and answer dialog followed by Dr. Laszlo's **book signing**.

Dr. Laszlo, best known as the father of systems philosophy and general evolution theory, is President of the WorldShift Network and author of 75 books translated into 22 languages. He is a renowned international speaker, futurist and global voice of reason and hope.

Buckminster Fuller called Barbara Marx Hubbard "the best informed human now alive regarding futurism." Widely regarded as his philosophical heir, Barbara is a social innovator, speaker, author, educator and leader in the new worldview of conscious evolution.
